

## Medicare Shared Savings Program

### Accountable Care Organizations

*Working together to give you the best care.*

is part of an Accountable Care Organization (ACO). We've teamed up with other doctors, hospitals, and health care providers to make sure you get the best care.

#### **We provide coordinated care for you to get well & stay well**

- You get patient-centered care focused on YOUR needs.
- Your health care providers can see the same test results, treatments, and prescriptions. More coordination helps prevent medical errors and drug interactions.
- You may save time, money, and frustration by avoiding repeated tests and appointments. Better communication can help protect against Medicare fraud and waste.

#### **Get the most from your care with our communication & support**

- **Ask about our secure online portal.** You'll get 24-hour access to your personal health information, including lab results and communication from your health care provider.
- When you choose a health care provider that participates in an ACO, they'll help you get the right care at the right time. You can visit **Medicare.gov** and log into (or create) your secure Medicare account to choose a primary care doctor.
- Medicare protects the privacy of your health information. If you don't want Medicare to share information with your health care providers for care coordination, call 1-800-MEDICARE (1-800- 633-4227). Medicare may still share general information to measure provider quality. For more information on how Medicare may use and give out your information, visit Medicare.gov and search for "privacy."

#### **Want more information?**
